Docs: Get the Covid vaccine...

Warren County issued a press release Tuesday with numerous local physicians and nurses **urging people to get the Covid vaccine**. Here is a sampling:

• **William Borgos, M.D.**, Chief Medical Officer, Hudson Headwaters Health Network: "Vaccination is safe, widely available, and a critical step toward keeping ourselves, our families, and our communities safe as we gradually return to our normal lives."

• **Matthew Tarello, M.D.**, Adirondack Pediatrics: "For the last week of April 2021, children accounted for 22% of new COVID-19 cases. A year ago, the number was 3%. It is, has been, and always will be important to immunize children to protect them and others against COVID-19 and other preventable diseases."

• **Sean Bain M.D.**, Chief of Hospitalists, Glens Falls Hospital: "Consider the fact that well over 80% of your friends and neighbors who work at Glens

LG's Freedom Boat Club

By Zander Frost

Chronicle Staff

Freedom Boat Club, the Lake George franchise owned by Matt and Rebecca O'Hara, is making sweeping renovations at its home, the former Dunham's Bay Marina on the lake's east side.

"The main centerpiece of what we're doing," Mr. O'Hara says, "is converting a covered space over the water into an open roof deck" for use by its members, who can bring food or drink and sit outside, overlooking the lake. Mr. O'Hara said the club won't itself serve refreshments, but that he hopes to work out a food delivery agreement with a few local restaurants.

Freedom Boat Club, founded in Sarasota, Florida in 1989, has locations around the country. This is the O'Haras' sixth year. They

Opposite views of Elise Stefanik

Bill Dow: Stefanik is princess of Trumpia

Dear Editor:

Our Congress Lady, Elise Stefanik, the Queen of Warren County lawn signs, has been elevated to the status of Princess in the Land of Trumpia. That nation, Trumpia, was recently carved out of a functioning American democracy by a single fellow, followed by his faithful acolytes. Citizenship in Trump requires only two necessities, namely:

You must always carry on your

Stefanik 'speaks truth to power' of newspapers' 'activist leftism'

To the Editor:

There is nothing sadder to see than the decline of objective journalism over the past several decades. Nearly all the papers of record have gone down the rabbit hole of activist leftism.

Democracy indeed dies in darkness — yet now it is the reporters who in the past shone a light on the truth who now spread the

Save the turtles!

"Our **native turtles are on the move in May and June** seeking sandy areas or loose soil to lay their eggs," says the

Department of Environmental Conservation. "In New York, thousands of turtles are killed each year when they are struck by vehicles as they migrate to their nesting areas. All 11 species of land turtles that are native to New York are declining. Even losing one mature female can have a

Worm farm article got her composting

Dear Mark,

The informative article in *The Chronicle* [April 22] on composting prompted me to sign up with the Adirondack Worm Farm for their composting service.

I had long wanted to compost in order to reduce the amount of garbage simply thrown into landfills, but I was always hesitant to try it in my backyard.

It's so easy to put the waste into the bucket which has a well-designed, easy to use
